Handlix – Website Requirement Document

1. Project Overview

Handlix is a one-stop home services platform that connects customers with trained and verified professionals for everyday needs such as cleaning, repairs, grooming, and pet care.

The goal of the website is to:
- Build an online presence for Handlix.
- Showcase all services in a clean, professional, and user-friendly way.
- Provide easy WhatsApp-based booking with pre-filled messages.
- Ensure a modern, mobile-first design using Next.js and deployable on Vercel.

2. Website Structure & Content

Landing Page (Homepage)
- Hero Section: "Handling Life's Essentials Effortlessly" + CTA "Book Now on WhatsApp"
- Subtext: Book trusted professionals for home services, repairs, grooming, and more – right at your doorstep.
- About Handlix: Handlix is your trusted partner for all essential home services. Our professionals come equipped with sanitized kits to deliver safe, reliable, and affordable services at home.
- Why Choose Us: Trusted Professionals, Doorstep Service, Affordable Pricing.
- Featured Services: Home Cleaning, Plumbing, Electrical, Grooming, with CTA "View All Services".
- CTA Banner: "Need a service today? Book instantly on WhatsApp!"

Services Page
- Intro: Explore our wide range of professional services, designed to make your life easier. Click on "Book Now" to instantly connect with us on WhatsApp.
